ELECTRONIC DEVICES POLICY

The inappropriate use of electronic devices is disruptive to the learning environment and safety of all students. Electronic devices that can be used as a form of communication or entertainment can only be used at recess and lunch.

- Students must have their electronic devices switched off and out of sight during school hours with the exception of recess and lunch times. They are not to be seen or heard between classes or in corridors.

- Students are not permitted to use electronic devices such as a camera, sound or video recording device. The student who owns the electronic device will be held responsible for its use.

- Electronic devices are not to be used or switched on inside toilets and change rooms.

- If a student uses an electronic device during or between classes they will be instructed to hand the device to the staff member which will be taken to the front office and stored in a secure place until the end of the school day. The student must present ID to collect the device at the end of the day. For serious breaches of these guidelines parents will be notified and further non-compliance will result in severe consequences.

- Parents/Carers are asked to contact their child through the front office on 62057676.

- It is important that students display courtesy, consideration and respect for others whenever they are using an electronic device.

- Harassment is a criminal act. Appropriate action will be taken against any student who photographs/films individuals or sends harassing or threatening text messages.

- It is a student’s responsibility to ensure their electronic device is stored in a safe and secure place.

- Electronic devices are used at their owner’s risk. No liability will be accepted by Lanyon High School in the event of loss, theft or damage.
