

Identify curriculum	Achievement standard	<p>By the end of Year 8, students evaluate strategies and resources to manage changes and transitions and investigate their impact on identities. Students evaluate the impact on wellbeing of relationships and valuing diversity. They analyse factors that influence emotional responses. They investigate strategies and practices that enhance their own, others' and community health, safety and wellbeing. They investigate and apply movement concepts and select strategies to achieve movement and fitness outcomes. They examine the cultural and historical significance of physical activities and examine how connecting to the environment can enhance health and wellbeing.</p> <p>Students apply personal and social skills to establish and maintain respectful relationships and promote safety, fair play and inclusivity. They demonstrate skills to make informed decisions, and propose and implement actions that promote their own and others' health, safety and wellbeing. Students demonstrate control and accuracy when performing specialised movement sequences and skills. They apply movement concepts and refine strategies to suit different movement situations. They apply the elements of movement to compose and perform movement sequences.</p>			
	Year level description	<p>Focus areas to be addressed in Year 8 include alcohol and other drugs, mental health, sexual health and sexuality, food and nutrition, health benefits of physical activity, games and sports, and skill based activities such as defensive, attacking and striking skills.</p>			
Teaching and learning	Term overview	Term 1	Term 2	Term 3	Term 4
